**DETAILED ACTION**

***Response to Amendment***

1. Applicant's amendment and accompanying remarks filed 5/13/08 have been fully considered and entered. Claim 1 has been amended and claims 2, 8-10 and 12-15 have been canceled as requested. Applicant's amendment to claim 1 is found sufficient to overcome the 112 2<sup>nd</sup> paragraph rejection set forth in sections 3-4 of the Office Action dated 4/15/08. As such, these rejections are hereby withdrawn. Claims 1, 3-7 and 11 are found allowable for reasons set forth herein below.

***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: 1, 3-7 and 11.

Independent claim 1 is found allowable over the combination of prior art. Specifically, the combination of prior art fails to teach or fairly suggest the claimed air permeability rate and Applicant has sufficiently evidenced that the claimed rate is not an inherent feature to the prior art. An updated art search did not produce any new substantial art for which to base a rejection and presently no motivation exists to combine references to form an obviousness type rejection. Claims 3-7 and 11 are also found allowable as they depend either directly or indirectly from claim independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
